.

The weather was warm and sunny for the most part and the odd (very) short shower.

Special mentions are due to

All the members of Chantry Bowmen who made up the field party and then shot in the bow.

Colin Hope who marked the field ready for us and much more..

Noel Lawrence for taking the responsibility of field captain, judge and Lord Patron.

There should have been more of us there. Far too many Club members missed a very good day.

From compiling the results sheet it is encouraging to see that most archers who shot last year have improved on their scores. Even the ones who complained about how badly they were shooting.
